## Blend Marketing LTD

Nov 2015 — Feb 2020

## Web Developer

Blend is a marketing agency that focuses on inbound marketing collaborating with HubSpot and using the HubSpot platform. Across those 4 years working with HubSpot as a developer I have seen how much it has grown and me with it. Developing on HubSpot Platform surely is not easy but once you get the hang of it is not rocket science. With over 20 websites built and many website award winnings, I feel confident developing and using the HubSpot Platform.

## Skills:

- HTML
- CSS
- JavaScript
- jQuery
- js plugins
- HubDB
- integration
- Hubl

## Experience:

Based on the clients requirements I built websites from scratch as well as updating an existing website. Creating dynamic custom modules that helps the team and the clients at the same time. My focus when building a website based on HubSpot is to create the perfect balance between developers and users. Developing with UX friendly in mind is what I do as it is possible.

## Freelancer

Feb 2020 — Current

## HubSpot Developer

I am a Hubspot developer and am very passionate about web development. I have been working with Hubspot for the past four years and this platform has sort of grown on me. Although it is a hard nut to crack, with consistency and dedication I have learned the ropes of the challenging Hubspot Platform! I have more than 40 websites up my sleeve that I built using this platform, with quite a few award-winning ones. Now I am confident that I can deliver outstanding websites tailored around by customers' needs from all around the globe.
